CIRCULAR

Dear parents and students

‘A single act of kindness throws out roots in all directions and the roots spring up and make new trees.’

#KindnessMatters is a global campaign by UNESCO MGIEP which attempts to create a positive culture of kindness in which every young person’s selfless act matters. It aims to mobilise world’s youth to achieve 17 Sustainable Development Goals through transformative acts of kindness. In order to instill the greatest virtue of kindness amongst the students, our school is willing to participate and contribute in this campaign.

We are celebrating Van Mahotsav this month in our school with great zeal and a kindness in our heart towards our environment. Nature has given us so many wonderful things with not a thing in return. So let us express our gratitude towards our earth with our little kindness deeds that matter the most.

To be a part of the **third month** of this special drive, kindly write your kindness deed story related to environment in minimum 100 words which should be a **real, authentic kindness act done or seen** by the participant and fill in the form provided below (include your kindness deed story along with your personal details).

The last date of submission of the form is 24th August, 2021.

Students, staff and parents all can participate and share their acts of kindness and inspire others too. Let us all unite and further amplify this Global campaign by contributing with our special stories.
