Circular No. MAMS/2026-27/10 April 29, 2026

Subject: Ensuring Safety of Students Using Private Transport

Dear Parents and Students

The safety and well-being of our students is of paramount importance. It has been observed that many students commuting by private vans/cabs are often subjected to unsafe travel conditions, including overloading and non-adherence to basic safety norms.

In the interest of ensuring the safety of your ward, you are requested to kindly take note of the following guidelines and ensure strict compliance:

- Do not allow your ward to travel in overcrowded vehicles.The number of students must be strictly within the permitted seating capacity.
- Ensure that the vehicle is equipped with functional seat belts, and that your ward uses them at all times.
- Verify that the driver has a valid driving licence and has undergone proper police verification.
- Collect and keep a record of the following details:
  - ➢ Driver's name and contact number
  - ➢ Vehicle registration number
  - ➢ Owner's details
- Ensure that the vehicle is in good condition.
- GPS and Speed governors are installed
- Prefer arrangements where a responsible adult attendant is present, especially for younger students. Counsel your ward to avoid unsafe practices,such as standing, sitting near doors, or travelling without proper seating.

Parents are strongly advised to exercise due diligence while arranging private transport, as student safety cannot be compromised under any circumstances.

The school urges your cooperation in reinforcing safe commuting practices and ensuring that every child travels securely.

"Preventive care today ensures a safer tomorrow."

Warm regards
Vice Principal
