Maths

PART A

Q1. Project on Sikkim

Prepare a detailed project on the state of Sikkim. Your project should be neatly presented on A4 size sheets and must include answers to the following questions:

a. Number of Districts:

How many districts are there in the state of Sikkim?

b. Wildlife Sanctuaries:

How many wildlife sanctuaries are located in Sikkim? List their names.

c. Languages Spoken:

How many languages are spoken in Sikkim?

Provide the names of the major languages along with the percentage of people who speak each language.

d. Capital City Area:

What is the total area of Sikkim's capital city?

e. International Borders:

With how many countries does Sikkim share its international border? Name the countries. Identify the smallest country by area among them.

f. Traditional Rangoli Design:

Draw a traditional Rangoli or Alpana design native to Sikkim. Ensure it reflects the cultural art style of the region.

PART B

Q2. Geometry Around Us

Take a walk around your house or neighborhood. Observe and document at least five different geometrical shapes (such as rectangle, triangle, square, circle, etc.) that you find in objects like buildings, doors, windows, tiles, etc.

Click pictures or draw the objects where these shapes are found.

Identify the shapes clearly.

Measure and record approximate dimensions using a ruler or measuring tape.

Create a simple chart to organize your observations. The chart should include:

Object Name

Shape Identified

Approximate dimensions

Present this work on A4 size sheets with drawings/photos and the chart.

Q3. Complete Exercise 1 to 18 of your Mental Maths book.
