

MAHARAJA AGRASEN MODEL SCHOOL

[Sr. Secondary]

CD-BLOCK, PITAMPURA, DELHI- 110034

Circular No. MAMS/2026-27/01

April 02, 2026

Dear Parents and Students

With great joy and enthusiasm, we warmly welcome you to the new academic session 2026–27. We look forward to a year filled with meaningful learning experiences, notable achievements, and cherished memories for our entire school community. At the outset of the session, we would like to share a few important guidelines that will support the smooth functioning of the school and contribute to the success of every learner.

- Punctuality and effective time management help build disciplined habits. Students are expected to arrive at school on time each day.
- Regular attendance is equally important, as consistent participation in school activities enhances both academic progress and overall development.
- Students must wear the prescribed school uniform neatly and with pride, reflecting a sense of belonging and unity. Students should maintain a proper haircut.
- We also encourage healthy lifestyle habits, including a balanced diet, proper hydration, and adequate rest, which are essential for physical well-being and effective learning.
- Students will not be permitted to leave school early under any circumstances. Parents are requested not to send their ward to school if he/she is unwell or has prior social commitments.
- Students should bring the school bag as per the prescribed timetable each day.
- In addition, we strongly encourage students to cultivate the habit of reading books, as it plays a vital role in enhancing language skills, imagination, concentration, and overall intellectual growth. Regular reading not only broadens knowledge but also nurtures creativity and critical thinking. In today's digital age, it is equally important for students to consciously limit their screen time, as excessive use of gadgets can impact focus, health, and learning outcomes. We urge parents to support their children in maintaining a healthy balance by promoting meaningful reading habits and encouraging engagement in offline activities to enrich their learning experience.
- We urge students to set high academic goals and work towards them with sincerity and perseverance. At the same time, equal emphasis should be placed on the development of life skills such as critical thinking, creativity, communication, and collaboration. Active participation in co-curricular activities, sports, and community service will further nurture confidence, leadership, and teamwork among students.
- Values such as respect, kindness, empathy, and responsibility form the foundation of a positive school environment. Students are encouraged to treat teachers, peers, and all members of the school community with dignity and respect. Developing digital responsibility and maintaining a positive attitude towards learning are also essential in today's world.
- We request parents and students to familiarise themselves with the school's policies and guidelines and adhere to them diligently, as they are designed to ensure safety, well-being, and the smooth functioning of the institution.

Let us work together to make this academic session a truly enriching and successful journey for our students.

With warm regards and best wishes

Dr Pratibha Kohli

Principal
