Class assembly XII-E

May 9,2019

Class XII-E presented its class assembly on the topic Noise Pollution. The assembly started on a spiritual note with a prayer to the almighty followed by an inspiring thought by Vanshika Verma. The pledge was read by Gunjan Tekchandani and Sumridhi Vats recited a thought provoking poem on Noise Pollution which was appreciated by all. The highlight of the assembly was undoubtedly the street play which was entertaining and informative, including a mesmerising dance performance by Aastha Singhal and Archi Goel. It struck the right note with the audience and sensitized them on this serious issue. Vice Principal Simi Bhatia addressed the children and applauded the class for its sincere efforts. The assembly proved to be a success by achieving the dual objectives of spreading awareness and proving a joyous experience to the students.
